

 ABOUT ME

 In 2012, I rode my bicycle 4000 miles across the entire US while raising money for Multiple Sclerosis (MS).

 I was afraid of heights before I learned to rock climb and rappel.

 It's cliché, but I truly love to design. I'm always creating graphics for school, work, or fun.

 I try to play guitar at least 20 minutes a day. It always fuels my creativity.

 EXPERIENCE

VINE CHURCH
